Dear Mr. Pafford:

25X1 In past runnings of our Career Trainee Development Course,
25X1 NSA has most ably contributed by providing a two hour
presentation during the Science and Technology bloc on NSA
functions and capabilities. [redacted]

[redacted] were the speakers and their talks have consistently
received high ratings from the trainees. During CY 1986, we
plan to have four Career Trainee Development Courses. We hope
NSA will be able to participate again.

We have the specific date at this time for only the first
class and that is 1300-1500, 21 February 1986. This is a day
devoted to Sigint and related matters. The morning
presentations are by our Office of Sigint Operations.

25X1 We would appreciate your confirming by memorandum who will
25X1 represent NSA on 21 February 1986. As the dates for the other
courses are made firm, we will notify you by telephone. Should
you have questions, please call [redacted]
(secure) or [redacted] (black). Thank you again for your
contributions to our career development objectives.

Sincerely,

25X1 [redacted]
